

A P E R I T I V O

Aperitivo is both the name for a category of drinks, a before-dinner beverage; Aperitivo is the Italian word for aperitif, and the post-work ritual of enjoying those drinks. It's the Italian happy hour. Aperitivo is the time when you sit in a cafe, alfresco traditionally, and catch up with friends while sipping a drink and nibbling on appetizers or piccoli piatti. It's a scene that embodies la dolce vita. Welcome to Via Sophia.
